

Business partner wanted

The motto

For all your digital graphic needs, web design, business cards, letter heads, invoices, menus, logos, flyers, company calenders, envelopes, stationery etc

The idea

Is to have a shop in Lincoln, being a graphic designer, doing everything from there, ie: there are shops in the city centre doing web design, then round the corner shops doing greeting cards, print shops, DTP shops, company's doing business cards & flyers etc, all paying the overheads & wages!

I can do all these but am looking for a partner to help & diversify into providing a service second to none, from a greeting card to a web site, a company logo to a magazine publication!

I would like in a partner someone that knows a lot about computers, can talk to customers, has the ability to be able to sell the ideas, and perhaps been in the business before, and wants to do something to show off their skills & build a business 2nd to none covering the whole of Lincolnshire!

What we would offer

- Personalised Invitation cards, anniversary cards, birthday cards, wedding invites,
- Business cards letter heads & flyers
- Web design, flash banners etc
- Magazines
- Picture DVDs
- Digital photo restoration
- Internet cafe
- One day a week for PC lessons, card making, photo shop training etc.
- PC maintenance (at home & in store)
- Company calenders
- Company logos
- Corporate identity
- Menu design
- Internet advertising (see www.economyads.org.uk)
- Business start up packs!
- Printer inks sales
- Stationery sales ie: card, paper, paper crafts etc
- Company pro-mo videos

If you think you have what it takes & are interested please e-mail me on “contact us” page, & we could arrange for an informal chat & swap ideas.
